

Flowering Timetable of Native Plants for Native Insect Pollinators in the Central Oregon Area

Color bars approximate flower color (o=white) and flowering time in "normal weather cycles. Flowering may occur early or be prolonged depending on weather/irrigation.

Bold type indicates plants that may be available at local native plant nurseries.

Botanical Name	Common Name	March	April	May	June	July	August	September
Phlox hoodii	spiny phlox							
Phlox diffusa	spreading phlox							
Erysimum capitatum	sanddune wallflower							
Plectritis macrocera	longhorn plectritis							
Antennaria dimorpha	low pussytoes							
Lomatium triternatum	nineleaf biscuitroot							
Collinsia parviflora	maiden blue eyed Mary							
Ribes cereum	wax current							
Prunus virginiana	chokecherry							
Castilleja chromosa	northwestern Indian paintbrush							
Mimulus nanus	dwarf purple monkeyflower							
Astragalus conjunctus	Idaho milkvetch							
Phacelia linearis	threadleaf phacelia							
Linum lewisii	Lewis flax							
Nothocalais troximoides	sagebrush false dandelion							
Lewisia rediviva	bitter root							
Phacelia hastata	silverleaf phacelia							
Aquilegia formosa	western columbine							
Holodiscus discolor	oceanspray							
Lomatium dissectum	bigseed biscuitroot							
Crepis acuminata	tapertip hawksbeard							
Penstemon humilis	low beardtongue							
Townsendia florifer	showy Townsend daisy							
Lupinus latifolius	broadleaf lupine							
Erigeron filifolius	threadleaf fleabane							
Symphoricarpos albus	common snowberry							
Eriogonum compositum	arrowleaf buckwheat							
Rosa woodsii	Woods' rose							
Eriogonum umbellatum	sulphur-flower buckwheat							
Eriophyllum lanatum	common woolly sunflower							
Penstemon richardsonii	cutleaf beardtongue							
Agastache urticifolia	nettleleaf giant hyssop							
Sedum lanceolatum	spearleaf stonecrop							
Asclepias speciosa	showy milkweed							
Ipomopsis aggregata	scarlet gilia							
Achillea millefolium	common yarrow							
Heuchera chlorantha	tall alumroot							
Solidago canadensis	Canada goldenrod							
Artemisia tridentata	big sagebrush							
Ericameria nauseosa	rubber rabbitbrush							
Chrysothamnus viscidiflorus	yellow rabbitbrush							

Latin plant names correspond to the NRCS Plants Database <https://plants.usda.gov>
