Skyline Forest Community Survey Findings

Understanding community values and interests.

Community Values

The survey asked people to choose the top three community values that they associate with Skyline Forest. The top values in order of community importance are:

Wildlife + Habitat Conservation

We value the protection of plants and animals and their natural habitats.

Water Quality

We value the protection of streamside vegetation, streams, and springs to protect water quality.

Climate Resilience

We value climate resilience and wildfire prevention strategies that protect the health and safety of our forests and communities.

Skyline Recreational Activities

The survey asked people to choose which recreational activities they enjoy in Skyline Forest. Most popular recreational activities include:

Hiking/Walking 81.90%

Biking 50.98%

Dog Walking 38.78%

Wildlife Watching 38.19%

Winter Recreation 30.71%

Support for Conservation

The survey asked people if they would support public funding to purchase and protect Skyline Forest for the community. Results:
